

March 3, 2025

Embassy of Japan
2627 Roxas Blvd, Pasay, 1300 Metro Manila

Dear Sir/Madam,

I hope this letter finds you well. I am writing to provide an explanation regarding the use of an electronic signature (e-signature) on the documents submitted as part of my sponsorship for Antonio Heraldo and Brylle Justin Heraldo visa application.

As the sponsor, I am currently residing in the United States. Due to the geographical distance and the challenges of being abroad, I am unable to physically sign the original documents required for this application. Therefore, I have utilized a secure and legally recognized electronic signature for the documents in question.

The e-signature was generated using a certified electronic signature platform, which ensures that the signature is authentic, secure, and legally binding. In compliance with U.S. law, including the E-SIGN Act and UETA, the use of an e-signature holds the same legal standing as a handwritten signature and is widely accepted for official purposes.

I understand the importance of ensuring that all required documents are legitimate and compliant with the embassy's procedures. I want to reassure you that despite the use of an e-signature, the signed documents are valid and carry the necessary legal weight.

Thank you for your understanding and consideration. I appreciate your time and assistance in processing this application.

Sincerely,

REYMUNDO HERALDO
